## **A Huge Thank You for booking Froglands Purrfection Cattery over the Christmas & New Year Period –Waiting List Too!**

A huge thank you to all of you who supported us in our first year 2017/2018; we were very pleased to support you as you have supported us.

Just felt we should mention 2018 holidays come up very quickly and even though we are new our diary has already started getting bookings for the general holidays including the summer, so if you have planned your holidays but not your pussycats, please do give us a call and at least provisionally book your cats in. A 50% deposit will secure the booking and will be required no later than one month prior to drop off date, but you can provisionally book, much easier than running around at the last minute trying to get a cattery and ALL FULL!

As a small family run cattery our maximum residency is 16 and therefore we offer that personal service, those special touches, we have the time to spend with the cats to settle them down and ensure they are happy on their holidays too. We have a wonderful volunteer at present who is passionate about caring for cats and is fantastic with them.

Please read our reviews on both Google and our personal webpage of those who have already been on holiday with us and plan to come again, many have already visited more than once. These are genuine reviews and genuine pictures of our residents. Why not give me a call and book an appointment to view the cattery in Kenley, you will be very welcome and pleasantly surprised at the size of the pens and fantastic views we offer CCTV and a quiet location, which as we all know is what the cats want and what you want too so you can all enjoy your holidays.

I look forward to hearing from you, and I can be contacted on either phone number: 07861749951 or 02087630011, both numbers have an answerphone and I promise I will return your call. Of course you can email me too on - [cattery@froglandspurrfectioncattery.co.uk](mailto:cattery@froglandspurrfectioncattery.co.uk)

Many thanks

Chris Aitken
